

H Primary Belt Cleaner

- **BELT WIDTHS**

Belle Banne H belt cleaner is suitable for all belt widths from 400 mm – 3000 mm.

- **REVERSING CONVEYORS**

The Belle Banne H belt cleaner can be used on reversing belts. Install one at either end, or one at the primary discharge end of your conveyor.

- **HEAVY DUTY CONSTRUCTION**

Belle Banne cleaner poles are the strongest around. All poles are schedule 80 material, ensuring they are fit for tough mining applications. Heavy Duty Cushions and Suspension arms are available on request for tough applications.

- **STAINLESS STEEL**

Belle Banne cleaners are available in either powder coated mild steel, or 304 stainless steel. 316 grade available on request.

FEATURES

- **SEGMENTED BLADES**

The H belt cleaner consists of individual 200 mm segmented blades, each one mounted on a rubber cushion. Separate blades ensure constant blade to belt contact on uneven surfaces, guaranteeing maximum cleanliness.

- **LONG LASTING TUNGSTEN**

Belle Banne has long been the leader in its class when it comes to tungsten. Our tungsten has a proven track record for consistent wear and long blade life. No other tungsten blade comes close.

- **OPTIMAL POSITION**

The H belt cleaner is positioned on the head, or discharge pulley, and sits out of the flow of regular material in the conveyor chute or transfer, ensuring the cleaner does not become bogged in material.

5 different suspension arm sizes are available to match your pulley diameter, and make certain that the cleaner is positioned correctly for optimum performance every time.

The Belle Banne H Belt cleaner has been the leader in belt cleaning technology for more than 30 years.

The original H cleaner was developed by Belle Banne as a primary belt cleaner suitable for demanding applications.

Whether it is the only cleaner in use on a conveyor, or the first in a high performance cleaning system, the Belle Banne H belt cleaner should be your first choice.

Available in all sizes to suit your belt width, and in a range of materials to optimise life and performance, the Belle Banne H belt cleaner provides multiple options to suit your cleaning needs.

H Primary Belt Cleaner
